I'm not going to defer this entirely legal threat-- I am letting you know right now that if you don't withdraw the cross complaint immediately, I am going to sue you for malicious prosecution upon the termination of this action in my favor.

The Pelznerns' claims against me are totally and completely without merit, and you have all the information required to know this, because you have the complete file for the LLC and I have been repeatedly telling you the truth: I have never represented the Pelznerns individually. I am not going to keep repeating that when you stubbornly refuse to acknowledge this fact and when you have some kind of vendetta against me. As a result, I'm also letting you know that you and the Pelznerns will be going in my online Hall of Shame, which is a collection of terrible, awful people who went way too far.

Be prepared for the link to your Hall of Shame web page to be higher in search results than your actual web page. That is a consequence of your reckless, malicious efforts here and your inability to see the truth or the big picture. Your clients are committing outright fraud and have been abusing the system for far too long, and this is expected to come back to haunt you. Don't say I didn't warn you.

Tina, please send the Notice. We can save threats for another time. You can see the basis of our argument about representation in the Motion to Disqualify we filed.

I never represented the Pelznerns individually, and I have no idea what you are talking about. In any case, please send me an acknowledgment of receipt and I will look forward to suing you for malicious prosecution when I win. Thanks.

Mr. Watters,

We will set up service unless you will execute a Notice of Acknowledgement.

This case is supported. You gave advice after reviewing a contract that mistakenly had the wrong name knowing it was the wrong name and then filed a suit for Mr. Cottanaro against your former clients saying that they are guilty of fraud for signing the contract you reviewed. They have incurred fees because of your negligence.

Are you guys actually going to serve me with this? Email doesn't count when you're adding a party via a cross complaint, especially since I no longer represent Mr. Cottonaro. For that matter, this case is malicious and doomed to fail. Please let me know if you intend to proceed with it.

Thanks,
